

PUBLIC NOTICE

The Somerset County Sanitary District will be flushing the water lines in Princess Anne starting August 16, 2017 and continue throughout the remainder of August 2017.

This is to freshen the water in the lines and remove any sediment that may have built up in the lines over the past year.

Customers may experience some cloudiness in their water during and immediately after the flushing in their area. This will pass within a few hours. If cloudiness in the water persist more than 12 hours call the Somerset County Sanitary District at 410-651-3831 for a service call.
