July 20, 2021

Dear Residents:

On May 27, 2021, the Town distributed letters to residents informing them that enforcement of the towns Solid Waste Chapter of the Town Code will begin on September 01, 2021. The letter was an effort to educate the community and reinforce the Towns commitment to ensuring the highest quality of life standard.

In an effort to make the transition easier, the Town will exercise discretion in the enforcement of the maximum size requirement as set forth in section 131-4(a). If your can is reasonably compatible to the size of a 30 gallon container staff will collect it.

Other provisions of the Solid Waste chapter must be adhered to. Please remember, all trash is to be tied securely and placed in a metal or hard plastic container with a secure lid. Trash bags are not to be placed on the street or sidewalk if they are not in a metal or hard plastic container.

Trash that is not properly secured attracts rodents and other wildlife. The Public Works Dept will inform you if you've improperly placed or stored your trash. Continued improper storage and placement will result in your trash not being collected.

If you have any questions please direct them to the Public Works Dept. at 410-621-5321 or visit the towns website at <https://www.townofprincessanne.org> for additional information. Thank you for keeping Princess Anne a clean and healthy place to live.
